EVERY SONG IS YOU

By Terry Cashman and T. P. West

Magazines and afternoon dreams
Get me thru the day
And 'til the night can smile for the people
As I sing and I play
I left home it seems like
A century ago
I never thought I could
Miss anybody so now I know
Ev'rywhere I go ev'rything I do
Ev'ry song is you
Searched my mind, just to find
Something I always knew
Ev'rywhere I go ev'rything I do
Ev'ry song is you
Searched my mind, just to find
Something I always knew
Ev'ry song is you.
Singing man with a sixpiece song band
Answer to my dreams
And ev'ry time I sing without you
How lonely it seems
I love you now like I
Never loved you before
Each day that goes by I find that
I want you so I need you more
Ev'rywhere I go ev'rything I do
Ev'ry song is you
Searched my mind, just to find
Something I always knew
Ev'rywhere I go ev'rything I do
Ev'ry song is you
Searched my mind, just to find
Something I always knew
Ev'ry song is you.
