I feel the sunlight on my face

When I just close my eyes and I trace

The footpath the your daddy's summer place

Where we spent our early summer days

The hill we climbed it went on forever

We reached to top of the world together

Yeah... You gave your love to me

And I remember perfectly

High above all time and space

And I remember summer days when

You gave your love to me

And I remember perfectly

High above all time and space

And I remember summer days

Am

Come climb that hill again with me

Come live that love again with me

Baby, baby, baby, baby

Hold my hand and we'll be free

Said we'll be free

Yeah... You gave your love to me

And I remember perfectly

High above all time and space

And I remember summer days

up a half step

When you gave your love to me

And I remember perfectly

High above all time and space
And I remember summer days
When you gave your love to me
And I remember perfectly
High above all time and space
