Well, this is the moment we've all been looking forward to for so long. David is here - live! After reading about his tour of Australia and New Zealand, and after seeing the photos of his fantastic performances, at long last you're seeing him in person.

If only this evening could last for ever! It really hurts me to think that, before too long, David will be leaving again. But, of course, that has to happen.

And when it does, Pat Wallace and I will do everything we can to make the distance between you and David seem as short as it is tonight.

Of course, the best way to keep track of the latest Cassidy happenings is to get a copy of *The Official David Cassidy Magazine* each month. We have *The David Cassidy Story*, as well as features, photos and fan club news to let you know what David is up to. And, in every issue, you can read David's Personal Letter, to find out what David thinks about his life, his work, and you as well, all for only 20p.

We also offer a completely new fan club wallet, containing all new photos of David, and an enormous poster as well.

With your wallet, you also receive a membership card, a special fact sheet with all the latest details about David and all the members of the Partridge Family. But best of all, your membership in the fan club also entitles you to SIX big newsletters a year.

If you want to join, all you have to do is send a cheque or postal order for 86p (made payable to Beat Publications) to SUSIE MILLER, 58 Parker Street, London WC2B 5QB. Please be sure to include your name printed in block capitals.

But right now, make sure you enjoy the concert.
