

selected! You could be lucky enough to be one of the girls in a night club scene, for instance, and spend an afternoon listening to a preview Partridge performance!

"The Partridge Family" show uses several sets, and today two different ones are set up. On cue from the director, cast and crew hurry between the sets, going from the night club to the home set, for instance, and back, several times. While all this moving about is taking place, David stops to chat with the director and clear up a question about some lines. It's best to solve problems before shooting begins . . . fluffs can get to be expensive! David had a good question, though, and played the scene just fine when the time came to shoot it.

Before you know it, it's closing time on the set, and the weary actors head for their dressing room trailers. Makeup will be washed off and street clothes put on. Several sets of parents may be on the scene to take their young actors home or out to dinner. David and Susan will head for their cars—and their homes. And you'll have floated out of the studio, never to forget this very special day with some very special people!

## RICK ELY'S FUTURE

continued from page 29

whether people would enjoy the show.

Well, those days are over forever. Now the question is—what's next for Rick Ely? What does a young actor do when he suddenly finds himself out of a series in the middle of the year?

Part of the answer is that Rick was already doing other things even before the show ended. He's already recorded his first album, "Rick Ely," and he intends to continue with his singing, playing, song-writing, and recording. So he's been taking advantage of his recent free time to work hard on his music.

But Rick has other plans, too. There are strong possibilities that he may be doing some very exciting things soon. Unfortunately, though, he couldn't talk about any of those plans in a specific way as of this writing.

"Even if I could," says Rick, "I wouldn't want to say anything till my plans were final." (He doesn't think "spilling the beans" will be unlucky . . . but there's no sense taking chances!)

In the meantime, though, Rick's keeping as busy as ever. When he's not working on his music, he's making personal appearances—from "The Dating Game," to Thanksgiving parades.

Rick's old life is over, but he doesn't regret it. He can't wait to see what the future will bring. And for someone with his talent, it's sure to be something pretty wonderful.
