The Osmond Brothers have really been on the go lately. Besides all the other fantastic things they've been doing, they recently went to Europe.

WELL, after all his hard work winding up his concert tour and starting the new season of "The Partridge Family" and working on a new album, **DAVID CASSIDY** got a well-earned vacation. Only it wasn't too exciting. David spent the rest of the summer recuperating from a gall bladder operation! Naturally, the rest of the Partridges had

a vacation, too, but like David's fans they hoped it would be one vacation that turned out to be as short as possible.

THE OSMONDS should be wowing them in Europe by the time you read this. They've been looking forward to going back there for a long time. When you ask The Osmonds what places they want to visit, they say Germany, England and France—and **JAY** adds that he'd like to visit Russia. Did you know, by the way, that The Osmond colors are red, white and blue?

BOBBY SHERMAN's about ready to cast a movie he's making with some friends. "We'll really have to have some good actors in it," he says. "That's vitally important to make the thing work." If the movie works as well as all the other things Bobby does, it should be terrific!

THE BRADY BUNCH just finished a record called "Joy to the World" for promotion for Saturday cartoons. And **MAUREEN McCORMICK** has a recording contract with Paramount, so you should be hearing more from her soon. Maureen and **EVE PLUMB** are going to be taking a dream trip this fall. They're going to Europe with Eve's father who's making a business trip there. Among the places they'll visit are London, Paris, Rome and Spain! Bon Voyage!

BARRY WILLIAMS had a great visit with his best friend from New York, who spent a month with him. Except for one brief visit when Barry was in New York last year, it was the first time they'd seen each other since fourth grade!

Los Angeles may have some distinguished new residents soon. **JOHN LENNON** and **GEORGE HARRISON** are
