

# SHARBE THIEP PARTRIDGE MEMOIRY ALBUM

Remember that very first show? Here's one of the memorable scenes—the whole gang playing in the garage, including un eager Mom!

Here's the Partridge Family—Suzanne, Danny, Brian, David, Shirley and Susan—as they are today. But let's take a trip back in time . . .

Susan Dey had never done TV before . . . and she admits she had a lot to learn. One of the things was to stand still for makeup, which she almost never wears when she's off the set.

Dave Madden and Danny look like they're fighting, but actually the two of them have a strong friendship. They often "play rough"—but they also talk seriously.
