Great Kiss Debate!

STAR MAG: "Okay, guys, the Great Kiss Debate is now in session! **STAR'S** readers (the little devils!) expect you to really tell everything and not hold one thing back, no matter how embarrassing some of the questions might be! Is that a deal?"

JERMAINE: "Right on!"

DAVID: "If Jermaine's willing I am!"

BUTCH: "Just don't print it if I get too red!"

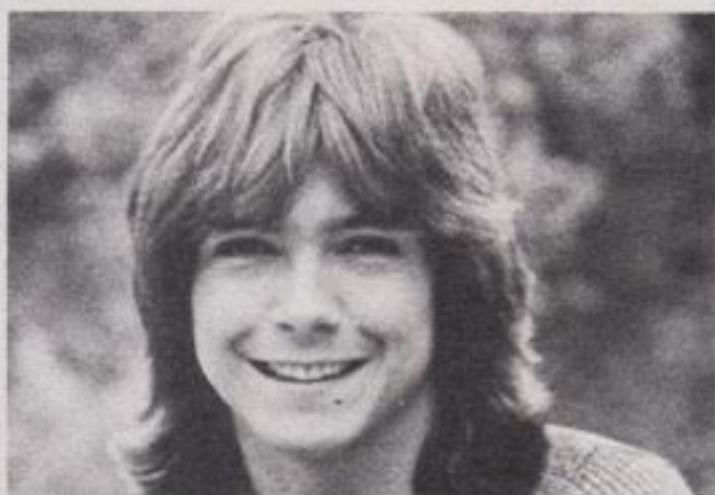

MIKE J: "If you can stand it, baby, it's okay by me!"

DONNY: "I'll try my very best!"

MIKE GRAY: "Just remember, you asked for it!"

STAR MAG: "Fair enough! All right, here's the first question. **SHOULD A STAR EVER KISS A FAN?**"

DAVID: "It depends on the circumstances. Personally I would kiss a fan (as a fan) only on the cheek. I think that's about as far as it's all right to go, you know, like in an autograph signing situation."

JERMAINE: "I look at it quite a bit different than David. I believe in kissing any fan I meet anytime, anywhere! You know, the way the J-5 have to travel so much on tours and all, man, I may never see this little sister again! I better kiss her now so we'll both have that moment to remember!"

DONNY: "Kissing is something that's very personal and powerful in your life. For that reason you've got to be careful that when you kiss someone that they know it really means something. I wouldn't want to kiss a fan and then have her think later that I

didn't really care about her. If I knew that she really understood what kissing her would mean to me, then if everything else was okay, I'd kiss her, you bet!"

MIKE GRAY: "I don't know whether I would kiss a fan or not. You see, once I kiss a girl, I usually want more. I don't like to stop with just one little peck or a quick brush of her lips."

STAR MAG: "Far out! Here's the second question. It'll really test how brave you are! **WHO KNOWS HOW TO KISS BETTER, BOYS OR GIRLS?**"

MIKE GRAY: "I can only tell you that I have never met a girl yet who I didn't have to teach how to kiss!"

DONNY: "I think some boys can teach girls a few things, and other girls can help boys. It just depends on the individual involved! I don't think there really is any right way to kiss. The thing that can make kissing so groovy and beautiful is not what you do. It's who you are to each other. Personal affection and real love makes all the difference!"

DAVID: "I agree with that one hundred per cent, but I would also like to add that you shouldn't be afraid of trying a First Kiss. It may not be fantastic (although if he's the right one for you, girl, it will be!) but the way that kiss feels will tell you a lot about the future of your love. Just the way that kiss makes you feel can tell so much!"

JERMAINE: "I know it's supposed to be that us guys are the ones who want to do all that kissin' all the time. But the truth is, it's the chicks who are doin' all that thinkin' and wishin'. But I disagree with you, Mike, in that I think us guys know how to kiss the little girls better than they do us."

BUTCH: "Jermaine, you're going to get a lot of letters sent to the **STAR Mag** offices on what you just said!"

JERMAINE: "And I'll read and answer every one that I possibly can, too!"

BUTCH: "Well, I'd just like to say that every girl's kiss is her very own, and I don't think that kisses can be compared at all. I agree with Donny and David a little, I
