

Here's a very tender moment between David and Spiffy. Henry took this picture just before the color portrait on the next page. You can see how much David and Spiffy loved each other. But they had to part. David looks near tears.

very, very much Spiffy really meant to her. And David Cassidy, feeling his own eyes fill with tears now, too, knew at that moment he would have to give up his love for Spiffy, for the sake of Leilani's happiness.

DAVID'S PROBLEM!

David secretly made up his mind right then that he could not take Spiffy along even though Leilani unselfishly kept urging him to. But now David had an even tougher problem than his love for Spiffy. How was he going to turn down Leilani's wonderfully generous gift without hopelessly hurting her feelings forever?

DAVID'S HEART-TO-HEART TALK!

David gently took Leilani out the back door, which led right to the beach, and together with Spiffy happily tagging along, unknowing of the agony that was tearing both David's and Leilani's poor hearts.

With Spiffy, David and Leilani walked along the beach together, and David talked to her for almost an hour. No one but David and Leilani know to this day exactly what was said. David would not confide this even to Cyrus or me. But I found out later that David finally talked Leilani into not giving up Spiffy for him. He convinced her that he would always love both her and Spiffy without having to have Spiffy with him.

Finally Leilani gave in to David. But in return Leilani asked him for just one thing, for some souvenir for her and Spiffy to remember David by and to treasure always. Something she could share with all of David's fans. (And, Dear STAR Mag Reader, that includes you!) David and Leilani thought about what that souvenir could be. Finally Leilani thought of it! She told me that she wanted me to personally take a color picture of David and Spiffy together! It would be something for her to keep always!

David granted Leilani's wish gladly. He and Spiffy sat down under a palm tree and, with Leilani standing beside me I aimed my camera, and took the beautiful color picture

This is "Kapakahi," one of "Spiffy's" friends. "Kapakahi" is a kissin' dog. And she sure knows the right guy to pucker up with!

Here's David on the beach with his guitar. He sat and played it for hours every day. David had such a wonderful rest in Hawaii.

of David and Spiffy that, thanks to STAR Magazine, is here for you, too, on the inside back cover of this issue! I hope you love it as much as Leilani and David do! It's Leilani's and STAR's keepsake gift to you of your 10,000 mile journey with David!
