

# SPEC'S TENTH ANNUAL GOLD STAR AWARDS 1971

SOUND the trumpets, beat the drums, let the flags unfurl! Once again SPEC (and 16 Magazine) presents its annual **Gold Star Awards** for popularity and outstanding achievements to young stars in television, movies and on records—and proudly singles out the two most popular performers of 1971 for the **Golden Galaxy Awards!**

As always, the winners of these awards for popularity and extraordinary performances during the year 1971—from January 1, 1971 through December 31,

1971—were chosen by 16 and SPEC readers. They were chosen by **you** in the millions of ballots and letters you mailed to 16 and SPEC throughout the whole year of 1971. **You** told us who your favorite young stars were in 1971—and we tabulated each and every vote!

To each and every winner of the **Tenth Annual Gold Star Awards**, SPEC speaks for all of us in saying, "Congratulations and best wishes for a long and spectacular career!"
