Is Sue Ann Langdon ready to fight a bull, waving her flowing red cape?

What makes Mike Cole look so chipper? Could it be he will soon be a father?

Arthur Hill's new show this season is Owen Marshall, and it's doing great!

Jean-Claude Killy, an Olympic champion, is in a new film, The Snow Job.

of **Dracula**. But don't worry, she won't be a vampire. Speaking of vampires, she drove out to the beach for a little peace and while strolling along the beach, her car was broken into and her purse was stolen. She spent her first day, after wrapping the show for the season, on the phone, cancelling credit cards and talking with police.

Joining them for dinner was Denise's **222** co-star **JUDY STRANGIS** and her date, ABC exec **DENNIS DOTY**. She's been out with the young exec before, but there is no indication of what their relationship is or might lead to. No romance bloomed between her and **BOBBY SHERMAN** while they worked as lovers on **The Mod Squad**. However, one day the producer's daughter appeared on the set and asked her father, "Daddy, what is Judy doing on this show? She's **DAVID CASSIDY's** girlfriend, and if she plays Bobby's girlfriend, it'll cause a fight between David and Bobby, and I love them both!" I hate to keep you in the dark, but, the real love in Judy's life, the one she has so cleverly hidden from everyone, while she publicly dated others, is the star of a new weekly series. But, if her dinner dates with her mystery man continue, everyone will soon know who he is . . . and it's not **RICHARD HATCH** or **BEN MURPHY**, either!

ANN B. DAVIS of **The Brady Bunch** was so excited about an upcoming show she had just seen a rough cut of. In the show she plays a dual role and introduces a new character, a cousin who is a sergeant in the Wacs. She takes control of the household while Alice takes a vacation and puts it under military rule. Ann says it's the best work she's done in the three years the show's been on. I know for a fact that she didn't arrive with **EFREM ZIMBALIST, JR.**, but she sure left at the same time as he.
