

CONTINUED FROM PAGE 9

day on the set, **CHAD** can jump into his car and come home to his own pool table! . . . And there's a glad smile on *McMillan and Wife's* **SUSAN ST. JAMES'** face these days too! At one point, **SUSIE** and her bosses couldn't agree on salary and a lot of other things. But now the differences have been worked out and **SUSIE's** happy again playing **ROCK HUDSON's** kooky wife. **SUSIE** also bears glad tidings about her new daughter, **SUNSHINE**. "She's not even six months old," **SUSIE** told us, "and she can say 'Daddy!' already." Which must make **SUSAN's** hubby, make-up man **TOM LUCAS**, pleased as punch! Or even Kool-aid! . . . As you know, *The Brady Bunch's* **BARRY WILLIAMS** is a real whiz on the surf. (Why else would the show and all the kids have flown to Hawaii?) But didya know that **BARRY** is also an expert water skier? When we talked to **BARRY**, he let us in on his favorite sport! "I think I've skied all my life!" **BARRY** laughed. "You know, my parents' home in Pacific Palisades is near the beach, so I've always had plenty of practice. And it's a really neat way to meet girls!" No wonder **BARRY** likes skiing—it's one sport that leads to another! . . . *Room 222's* **KAREN VALENTINE** is always full of news and the day we bumped into her on Hollywood Blvd. was no exception! "**MAC** (her husband) and I have just moved into a wonderful new home in Beverly Hills!" **KAREN** bubbled over in excitement. "Our old place in Burbank was getting too small for us! I have a sewing room and a big, big kitchen and just about the loveliest garden you've ever seen! And we have such a big driveway

MAC and I can rid our motorcycles practically around the whole house!" But **KAREN** wasn't too happy with those awful rumors which hint that she and **MAC** are having marriage troubles. "That's silly!" **KAREN** said firmly. "**MAC** and I don't listen to that kind of thing! If we had, we never would have been married!" That's telling 'em, **KAREN!** . . . **MICHAEL GRAY**

BUSY SCOTT Jacoby will be in **TWO ABC-TV** fall movies, so look for him!

MICHAEL Storm is featured on **ABC's** "One Life to Live"—a daily soaper!!

"**THE PAUL Lynde Show**" features **John Calvin** as the genius son-in-law!

came by **TB's** offices to tell us about his role on *The Little People* and admits that **PHIL VANDERVORT**, **LUCIE ARNAZ's** estranged husband, didn't look too happy on the set over in Hawaii! **PHIL** also had a part on the same show and Hawaii seemed to be the perfect get-away-from-it-all place. But, according to **MICHAEL**, **PHIL** seemed very quiet. But, don't worry, **MICHAEL** did his best to cheer **PHIL** up! And even got **PHIL** to try a little surfing on Waikiki! That's **MICHAEL** for you—always looking out for the other guy. A *real* friend . . . **DAYTIME TV SPOTLIGHTS:** You wouldn't guess it, but cute **DICK SHOBERG** ("Mitch Farmer"

on *Somerset*) is a car freak! When we cornered **DICK** at a car show in New York, **DICK** said he'd give anything to own a Porsche sports-car. "I have about half the money saved up," **DICK** revealed, "so maybe in six months or so, you'll see me speeding around town in my new Porsche!" . . . Speaking of cars, *Search for Tomorrow's* **MICHAEL SHANNON** ("Jim McCaren") tells us that his dad is an executive for Ford Motor Company. So if you need a new car, just buzz **MIKE!** . . . **YALE SUMMERS** ("Rodney Harrington" on *Return to Peyton Place*) said it: "A duck's quack *never* has an echo!" Why does **YALE** say that? "Because I think *everyone* should know a really *weird* fact!" Okay, **YALE**. We gotta admit it's something new to tell your Biology teacher, isn't it? . . . *Laugh-In's* funniest lady, **RUTH BUZZI**, tells TV the funniest story we've heard in a long time! It goes like this: **RUTH** was sitting on a plane when a fan passed an airsick bag(!) to **RUTH**. The fan wanted an autograph! So **RUTH** signed the bag—and then returned the bag. Full of her left-overs from the meal she had just finished! Oh **RUTHIE**, you're a real crack-up! . . . Congratulations to **SANDY DUNCAN**. She and **DR. TOM CALCATERRA** are getting married in January! **TOM** is the doctor who helped **SANDY** when she was in the hospital last year for an eye operation! Those men-in-white must really have something! Just ask **SANDY!** . . . **DAVID CASSIDY** once told us he hoped he never ran out of gas on the Los Angeles freeway! But we're afraid his wish *almost* came true! **DAVID's** car ran out of gas on the Ventura Freeway on his way home to Encino! At least it didn't happen on the Hollywood Freeway—no one would have noticed! That's one *fast* freeway! But on the other hand, who can overlook lovable **DAVID?** . . . **FLIP WILSON** is supposed to be serious about lovely singer **MELBA MOORE**. But we hear **MELBA's** real heart-throb is singer **CLIFTON DAVIS!** Oh well, guess **FLIP** will just have to make do with **GERALDINE!** . . . And remember, stay tuned to this channel next month for all the news on "The T.V. Set"!!
