

MOVIE MAKERS

Remember how you cried with **ALI MacGRAW** and **RYAN O'NEAL** in "Love Story?" Well, it seems they're both doing some crying of their own off-screen. **ALI** is saddened by the breakup of her marriage to studio head **BOB EVANS** and even though she's been seen holding hands around town with **STEVE McQUEEN**, those in the know say it's just a publicity stunt for their new film "Getaway" which is about a bank robbery. Meanwhile, **RYAN's** long time marriage to **LEIGH TAYLOR-YOUNG** is about to be dissolved after a long separation and there are no future ladies standing in line for **RYAN**. Even **BARBRA SUPERSTAR STREISAND** says her ex-costar is strictly that...an ex... And little **LIZA MINNELLI** and darling **DESI ARNAZ JR.** claim they're having more fun than anyone just being engaged to be engaged. Originally they planned to be married in September, but now **LIZA** wants to wait until after the first of the year... **DESI's** best friend **DINO MARTIN** and his wife **OLIVIA HUSSEY** are expecting a baby in January... **EDWARD ALBERT**, whom you loved in "Butterflies Are Free," is not as old as **DAVID CASSIDY**, but he seems much more mature. He dates but is not in love with any special girl. His prize possession is a La Salle sedan that he bought from actor **TONY CURTIS**. You can see him next in Columbia's "Forty Carats" in the part that both **BOBBY SHERMAN** and **DAVID CASSIDY** were considered for... **JACK WILD** of "Pufnstuff" fame is making a new movie called "The 14" which should be released this spring... And the **BEE GEES** are taking a fling at being movie stars in a picture now shooting in Yugoslavia called "Castle X"... **DONNY OSMOND** is telling friends that he's sorry he couldn't make the movie "Tom Sawyer" which later went to **JOHNNIE WHITTAKER**. **DONNY** hopes that the next time a movie job comes along the other **OSMONDS** take a vacation so he can test his acting skills... **ROBERT REDFORD** is making a movie with **BARBRA STREISAND** but he's made it clear to everyone on the set that this time he's the boss and not **BARBRA**. Usually on a **STREISAND** pic it's just the opposite way, but **BARBRA's** so happy to be in the same movie with **REDFORD**, she's not saying a word! A first for her... And what happened to the proposed film version of "The Partridge Family?" Every year the producers say that one's in the offing, but so far nothing's happened. They'd better hurry up before the Partridges all grow up... **AL PACINO**, who played Michael in "The Godfather" didn't want to do it, but they twisted his arm and now he'll repeat the same role in the sequel called "The Godfather-Part 2"... **ANN-MARGRET** who gained 20 pounds when she made "Carnal Knowledge" has not been able to lose all of it, not even with her strenuous dancing acts. Take advice from this girls and stay away from the goodies... **RAQUEL WELCH**, on the other hand, lost too much weight roller skating for "Kansas City Bomber" and now is trying to gain it back... **LIZ TAYLOR** is coming back to Hollywood for Christmas with her entire family... How to marry a movie star: Handsome **MICHAEL YORK** married a girl photographer when she was assigned to take pictures of him on the set of "Romeo and Juliet." Watch for **MICHAEL** soon in "Lost Horizon"... **NATALIE WOOD** and **BOB WAGNER** used to be the teenage lovers around town. They got married about 14 years ago and stayed that way for four. Now, after being divorced ten years and another marriage apiece, they've just re-married. **NATALIE** claims, "It took all that time for Bob and me to realize that it was the real thing after all"... **PAUL NEWMAN** swims for 30 minutes a day no matter where he is. This is what keeps his fabulous build... Watch for **TED NEELEY** to become a big screen star when the movie "Jesus Christ Superstar" is released. **DAVID CASSIDY** would also have been good in the role, but unfortunately his schedule wouldn't work out for him to be in it... **SANDRA DEE**, once the top
