

A There's no reason to feel funny about asking your question. That's what this column is for! David uses Crest toothpaste, and makes it a point to brush his teeth at least twice a day!

Q Was Mark Lester born in 1957 or 1958?

A Mark was born July 11, 1958, which makes him 14 years old.

MARK

Q I'm having a disagreement with my girl friend. Who played the part of "Cotton" in the movie "Bless the Beasts & Children?" Was it Barry Robins or Bill Mummy? Also, who recorded the theme song for the movie?

A The Carpenters recorded the theme song for the movie, bearing the very same name. Barry Robins appeared in the role of "Cotton," Bill Mummy played "Teft," Miles Chapin was "Shecker," and Darel Glaser appeared as "Goodenow."

Q Please tell me where Michael Cole was born. It sounds to me like he has an accent.

MIKE

DAVID

A We never detected an accent before, but next time we'll listen closer! Michael hails from Madison, Wisconsin, and was born on July 3rd.

Q Some friends of mine were telling me to find out something about David Westberg because he's going to be the new fave! Is he really as great as my friends believe? Please run a picture of him and tell me something about him.

A As you can see by the picture below, David is indeed a good-looking guy! He's ap-

peared on a number of television shows including "Mannix," "Adam 12," and "Medical Center," which is probably where your friends first learned about him. David has a new MGM movie coming out with Katharine Ross, James Garner and Harry Guardino called "They Only Kill Their Masters," in which he plays the part of a young deputy sheriff. David stands 6'2", has dark blond hair and sparkling hazel eyes!

NEIL

BARRY

Q Some kids at my school have been trying to turn me on to Neil Young's music, and finally I've gotten hooked! What surprises me though is how much he sounds like one of the vocalists for the old Buffalo Springfield, as well as America. Please tell me if Neil was ever with either of these groups?

A You'll be pleased to hear that your ear for music is very keen and alert! Neil used to sing with the Buffalo Springfield, and alternated lead with Stephen Stills, who later joined Neil to sing with Crosby, Stills, Nash and Young. He was not at any time, however, a member of America, although he and their lead singer sound incredibly alike! America members include Dan Peek, Gerry Beckley, and Danney Bunnell.

Q I just saw the rerun of the TV pilot "Miss Stewart, Sir," and fell in love all over again with Barry Miller, one of the stars in it! Please tell me his age, and a few vital statistics.

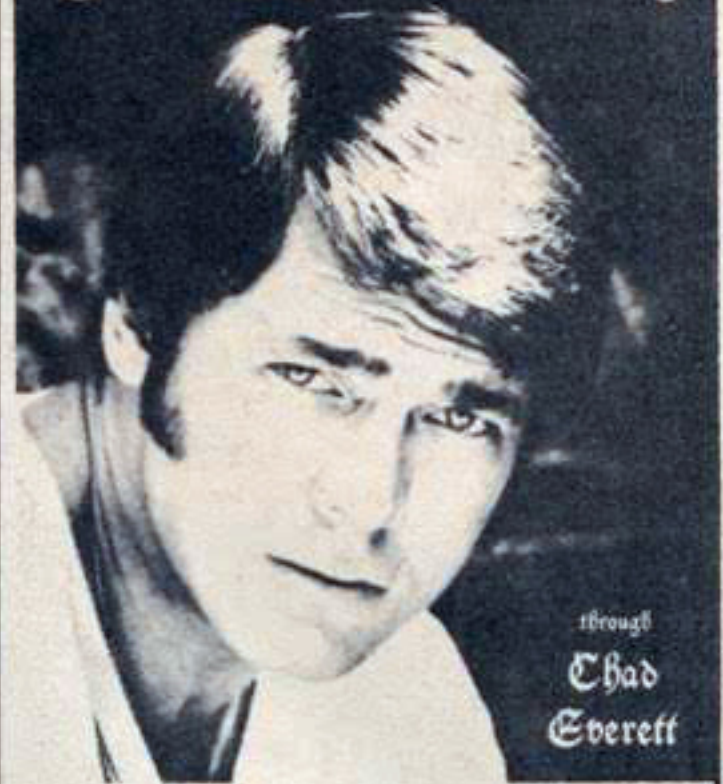

A Barry is 14 years old and was born February 6, 1958. He has hazel eyes and light brown hair, and stands 4'10" inches tall. Barry attends Bancroft Jr. High, and enjoys writing poetry, songs and science fiction stories.

Q Please tell me when Gordon Lightfoot was born. I think he's a talented singer. Also, what's the name of his latest album? Is it true that he's been under the weather lately?
