"THE FUN JUST kept on coming! Here I am with Editorial Assistant Diane Dalbey on the fabulous Universal Studio's tour! If you're ever in Hollywood be sure you take the tour! "Then, he said 'Sue, I'd love to give you a kiss now,' and my heart fluttered right to the top of the trees! He took my two hands in his and slowly drew me near—closer—closer until I could feel his body pressed softly against mine.

"One of his hands was on my hair, the other on my shoulder—ever so gently, but enough for me to know his hands were on me! As he bent towards me for the kiss, it was like a million bells ringing and then his lips pressed softly on mine, then a little harder and the kiss was deep, and firm, yet gentle and romantic!

"Maybe that sounds confusing, but how can you describe a kiss—especially a kiss you've dreamed about, thought about, hoped about, but never thought would ever really happen?

"WONDERFUL DAY"

"Afterward David took me to the famous Yankee Pedlar for lunch and then he gave me a tour of Columbia Ranch! I don't think I've ever had a more wonderful day in all my life, and David and Tiger Beat made the whole thing possible.

"But more was yet to come! That night The Laufer Company surprised me by announcing that my date for dinner was darling Mark Hamill! And is he a doll! Not only did we have dinner together, but he took me on a sight-seeing tour as well!

"The next day I got to go to Universal Studios where they have this super terrific tour that takes you behind the scenes and shows you how movies and television shows are made!

"And Disneyland! Sharon's associate editor Kathy Cohen and editorial assistant Diane Dalbey, surprised us the next day with an exciting trip to Disneyland! It's fantastic! But! More was yet to come—an evening with the Brady Bunch stars Maureen McCormick and Chris Knight!

"It was all too wonderful to believe—just like a dream come true and I know that I will remember it and treasure those days as long as I live."
