ROCK ME BABY

by Peggy Clinger/Johnny Cymbal

You may call me a rollin' stone
But I'm a free born man
And I stand alone
I come lookin' for a little satisfaction
I don't have me no cadillac
And all I've got's hangin' on my back
But I do believe in physical attraction

I can warm your coldest night
And I make everything all right
If you'll-oooo rock me baby,
Let me feel the beat—ooooo
Rock me baby, right down to my feet
Ooo rock me baby, hold my oh so tight
Ooo rock me baby rock me through the night

You better hold me while you can
Or you'll lose your sunshine man,
Come on rock me, rock me, rock me!

I was twelve when I left home
An ever since I've been on my own
Lookin' for a little recreation
Guess I'll never settle down
It's always been one more town
Why I've loved coast to coast
Across the nation!

I can't promise I'll be true
But I'll see what I can do
If you'll just ooo rock me baby
Let me feel the beat—
And repeat to end

WARM MY SOUL

by Joerey Ortiz

Hey little woman warm my soul
Share the pain that grows inside me
From you love that's grown to old
I want you more—running, panting,
Jumping, leaping, hopping,
Don't shut the door, don't turn, oh, no!

Chorus:

Can't you see me calling your name
In the middle of a dark cold night
I love you so, won't you please
Believe me when I say, hey girl,
I love you so,

Wait 'till the morning comes
You need me just some more
You're everything I ever wanted
Even more—sick, love, sick,
Sleeping in a corner
Don't turn, oh no, don't run to go

Repeat chorus

TWO TIME LOSER

By David Cassidy

Baby has it really been so long
Is my smile so distant
I can feel there's something wrong
M-mm, all those lonely nights
Was I a fool for you baby
Don't you say it isn't so
Was forgetting me so easy
Was there someone else to hold
M-m all those lonely nights
Was I a fool for you . . .

I hold you close it's not the same
I feel your touch somehow it's changed
Did your love just give up on me

Can't you see I need you desperately

After I'd given everything I had
It wasn't good enough to keep you
Keep you satisfied . . .

After you broke me down a second time
Was I the fool you said you needed
How could you lie
M-m how could you lie
Baby
Guess there's nothin left to say
Was I just so blind
To not see it end this way
M-m all those lonely nights
I sure was a fool for you
All those lonely nights
I sure was a fool for you.
