**D**AVID CASSIDY has finally bought a house in Hawaii! Ever since his first trip there, he's loved the islands and his dream has been to someday have a place there where he can go on the spur of the moment to relax, get some sun and have fun! I talked to him just before he left for a week in Hawaii during the Partridge Family's summer hiatus!

DAVID had just returned from a visit to Sycamore Farms—home of many famous race horses, where he spent several days riding, camping, and just "hanging around the farm!"

**ROBIN McDONALD** of Macon, Ga., couldn't stop smiling all day on July 10! It was her 11th birthday and she had received birthday gifts from the Osmonds and a personal telephone call from the boys as well! Robin was the lucky winner of our "Be an Osmond Birthday Girl" contest! "Donny's voice is beautiful!", Robin told us!

DAVID's really the out-doorsy type and whenever he gets the chance he loves to become one with nature! DAVID also found time to spend several days water skiing and just soaking up the sun on a boat!

Although the Partridges got a month off, DAVID still had concerts to give, so his vacation days had to be planned around the weekends!

DAVID got back from Hawaii all sun-tanned and really looking good for his trip to England! London's another place DAVID loved and wanted to return to, but this time it isn't for a vacation—but to sing on the "Tops In Pops" television show there. Isn't that exciting? David sounded super thrilled about it and promised us all the information when he gets back!

Every time I see the OSMONDS in concert I find myself singing their songs all week long! The boys show in Anaheim, California, was tremendous! It was an outdoor concert, at the Angel's baseball stadium and not one seat in the entire place was vacant! Their California appearance marked the end of the OSMONDS' summer tour, but if they didn't get to your town don't worry! They'll be back on the road again before you know it!

Following the Anaheim show, the OSMONDS started rehearsing for their super show at Caesar's Palace in Las

**HANDSOME MICHAEL** Ontkean plays a cop on ABC-TV's new series "The Rookies!" Isn't he a doll, too? I met MICHAEL when I saw a preview of the show and was really impressed! He's got gorgeous eyes and a beautiful smile! Don't you agree? See him!

Vegas, and this year marks a first for the boys—they headline the show! More information on the OSMONDS in Las Vegas next month, as well as a chance for you to join in all the excitement of a dinner with DONNY as Tiger Beat's contest winner CAROL JOHNSON

spends a day with the OSMONDS!

Have you had a chance to watch the new television series "The Little People" yet? I hope you have because if you haven't you're missing a chance to look at the most gorgeous face you've seen on the old tube in a long time (not

counting DAVID, DONNY, CHRIS KNIGHT and all your other special guys!

**MICHAEL GRAY** has a darling role on the show and he's in lots of the episodes! Be sure to watch him if you haven't already, on Friday nights, at 8:30 on NBC!

Dropped by the "Alias Smith and Jones" set last week and spent an afternoon talking to ROGER DAVIS and watching BEN MURPHY, ROGER, and that week's guest star SALLY FIELD filming! SALLY's going to be on the show a number of times this season so be sure to catch the shows.

Did you know that ROGER DAVIS has magnificent, beautiful pale blue eyes? In fact, his eye lashes are so light
