

David-Sex-y 'n Sinful!

Some girls like the kind of guy who is perfect in nearly every way—who's well-mannered, always polite, friendly, smiling and happy, regardless of what he may really be thinking or feeling. Other girls have a very special taste! If you're the kind of girl who craves a steady diet of ice cream and cotton candy, there are plenty of guys around for you. But if you like a guy who's more spicy than sweet, who will keep you constantly on your toes and jumping for joy—then David Cassidy is the guy for you!!

DAVID BRUCE CASSIDY is in a class by himself. There isn't any reason to compare him to any other guy in the world. But do you really know David? Do you know what he's really like? Sure, you've read some pretty far-out things about him, you've heard that he's said some wild things, but somewhere in your heart you know that can't be all there is to David. So what do you do about this electrifying young man who's the exciting exception to all the rules?!

First off, you should recognize that underneath David's "sex-y 'n sinful" exterior is the most gentle, understanding, warm and totally honest person you'll ever know. If you mean by "sex-y" an adorable face, fiery green eyes and a smile that melts your heart, then David is indeed sex-y. If you mean by "sinful" devilish, delightfully impulsive and daringly open to new experiences, then David is certainly sinful!

HOW TO WIN DAVID

To gain David's respect, and love, you're going to have to be completely honest your-

self—even when that may be painful for you. That means you will have to let David know where he stands with you—right from the start. When you first meet David, he'll really respond if you offer your hand, look directly into his eyes and say "hello." If, on the other hand, you let out a screech and a war whoop, giggle, cry and call your friends (and sometimes it's hard not to), David isn't going to notice you—because you're not really paying attention to him.

"I really get a charge out of girls who are sincere," David explains, "a young lady has to be honest."

But there's more—when you meet David, don't push him, drag your best friend over to stare at him, force your camera in front of him, pull at his sleeve, or anything like that. Be ready to listen to him—he wants to know you and he can't if you carry on.

"I love to talk to a girl alone," David adds, "because that way I can find out what she's really thinking."

Be quiet and serene around David, but be ready to see the funny side of things too. And don't be afraid to show him that you have a brain—he likes girls who can think and who are intelligent. Don't ever be afraid to tell David what you really feel—he wants to know.

If you're the kind of girl who can be all of these things—plus being ever sincere and straightforward—then you're the kind of girl David Cassidy will like very, very much. In fact, he will give you all the love, affection, care and tenderness you've dreamed of. And—with sexy 'n sinful David Cassidy as your regular guy—there will never be a dull moment.
