

# Star Bright

especially **CHRIS KNIGHT** who loves to travel. (Did you know that he wants to go to the moon? He really does, and with his knowledge of rockets, he just might!)

**RICHARD "Waltons" THOMAS** jetted off to New York to consider an offer to star in a biographical flick about a famous ballet dancer. Sound crazy? Not really. Richard's parents are both professional ballet dancers, and the heads of a world famous ballet company.

**MEET TOM AND HUCK:** If you saw the latest TV version of "Tom Sawyer" and thought Tom looked sort-of familiar, it's because you've seen him on various telly shows such as "Lassie" and "Gun-smoke." **JOHN ALBEE** is his name, he lives in Hollywood where he goes to school and he'll be 14 this coming September.

**JEFF TYLER**, who played Huck Finn in the same production, is 15 and also lives in Hollywood. He'll look familiar, too, just having starred on a Walt Disney World of Color called "Chester Yesterday's Horse." You can bet you'll be seeing more of this talented twosome!

**TENNIS ANYONE?:** Tennis is definitely the name of the game in Hollywood these days, and there's been one tournament in particular whose list of players reads like something out of Who's Who! The one I'm raving about was the **DESI-LIZA** sponsored celebrity tourney in Toronto, Canada which was held to benefit the Asthmatic Children's Fund. Just look at this list of players who winged off from Hollywood to show their

skills which backhands and serves and all the tyra stuff! **MICKY DOLENZ**, **DAVY JONES** (just back from Conn. where he starred in "The Boyfriend"), **CHAD EVERETT**, **DAVID HARTMAN**, **JAMES FRANCISCUS**, **BEN MURPHY**, **RON ELY**, **BILL SHATNER**, **GEORGE CHAKIRIS**, **JAMES STACY**, **CHRIS CONNELLY**, and of course, **DESI AND LIZA!** Wow!

**CALLING ALL STAR TREKKIES:** In case you haven't already heard, "Star Trek" is going back on the airwaves very soon. This version will be a Saturday-morning type cartoon series, with all the old space crew. Some of the voices will be done by the actors who starred in the non-animated version. Frinstance, **BILL SHATNER** will be the voice over for Captain Kirk, and may more of the ex-crew only follow suit!

Here's good news for **LEN NIMOY** fans, too. His book of prose and photography is now in print and is really something else. It's called, simply, "You and I."

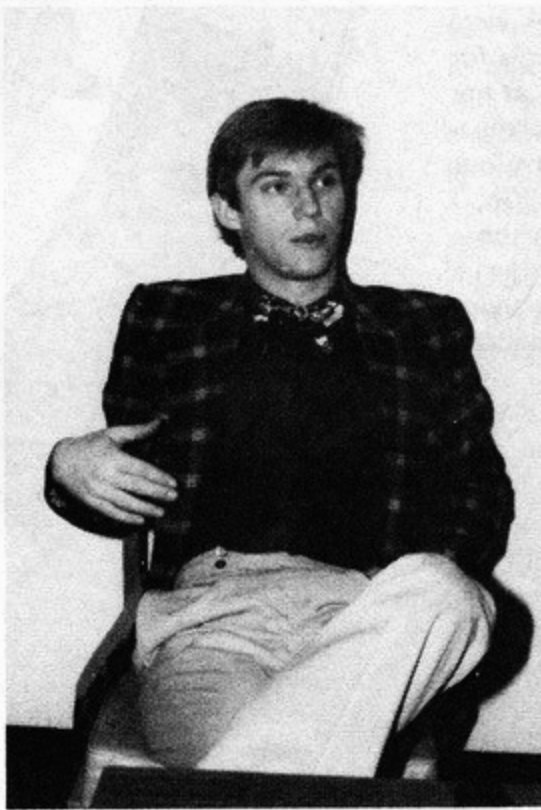

**WHO'S WHERE:** **DAVE MADDEN** of "The Partridge Family" has been appearing in Las Vegas with **ROWAN** and **MARTIN** . . . **KENNY ROGERS** and his First Edition toured New Zealand and filmed two TV specials there . . . **DAVID BOWIE** really had Hollywood hopping when he was here for his sold-out concerts . . . **RINGO** and **MAUREEN STARR** joined him for dinner and showed up at his Palladium concert . . . So did **JOHN** and **YOKO** . . . It was **PETER TORK**'s dream to star in a film version of "Stranger In A Strange Land" but it looks

like these honors will go to **BOWIE** . . . Didja know that "You're So Vain" was written about **WARREN BEATTY**? . . . Didja? . . . Didja? . . . If you were home with a cold it was probably worth it if you caught **BEN MURPHY** and **JIMMY MacARTHUR** on "It's Your Bet" . . . And let's not forget **DANNY BONADUCE**'s high-jinks on "The Dating Game" (but let's try) (just kidding) . . . **TWIGGY** is due in Hollywood for her first film here—it's called "W" . . . ? . . . **ELVIS** has been named the Best Record Artist of 1972 in the First Annual Japan International Record Awards . . . Ah, so nice of them . . . The **PAUL McCARTNEY** television special is being filmed now in England and Scotland . . . **WALDORF SALAD**, the new Hollywood group with an average age of 11, looks sure to be a hit with lots of power behind them and talent, too . . . **MAMA CASS** was a fantastic hit in Las Vegas . . . **PATTY DUKE**'s changed her professional name to **PATTY DUKE ASTIN** . . . **THE EVERLY BROTHERS** have been touring America and Canada . . . **CROSBY, STILLS** and **NASH** are back together again, again . . . Male Vocalist of the year in Playboy Mag went to **MICK JAGGER!** . . . Goofy **ALICE COOPER** has a new formal jacket decorated with stuffed white rats . . . Hello to two new **BEACH BOY** babies, Summer Deza Love (Mike's) and Carl Wilson (Dennis named him after brother Carl) . . . And on that note, luv and bye from Hollywood 'til next issue!
