

AFTER ALL this time, Shirley Partridge will be married again!!!

BILL BIXBY'S a real "magician," as you'll see on his show—shazam!

PRETTY STEPHANIE Steele has own apartment—loves to entertain!

the bags of fan mail which have been steadily piling up. Be patient—he's busy trying to answer all those wonderful letters you've written him. . . . We were so excited when *The Waltons* won so many Emmy Awards in May . . . especially **RICHARD THOMAS**, because he's one of our very favorites. We do wish they'd give the other kids in the show a little more chance to show their cute personalities, though. . . . **KATE JACKSON** of the popular series *The Rookies* took a trip to her home town, Birmingham, Alabama, to visit her family. Being a television star hasn't removed the down-home sincerity of **KATIE**

even though her family treats her like royalty. Before returning to Hollywood, she made a special trip to Pensacola, Florida, to visit her grandmother who is also proud of her famous and beautiful granddaughter. . . . Why is the other star of *The Rookies*, **MICHAEL ONTKEAN** determined to keep his wife hidden? We understand she's really a gorgeous lady—could that be the reason? . . . **JAN-MICHAEL VINCENT** recently taped a *Merv Griffin Show* even though that's not what he feels most comfortable doing. He's much more content spending his off-camera hours in his Malibu beach home, divorced from the Hollywood scene. Although he claimed he was very "nervous" at the taping, **JAN-MICHAEL** was out-of-sight on the *Griffin* show. Hope you saw it! . . . On Saturday, June 29, ABC will start showing *Partridge Family* reruns opposite the number one rated show *All In The Family*. This will give the producers some idea how the ratings will fare in the fall. If you are a *Partridge Family* enthusiast, write the Producers at ABC, 4151 Prospect, Hollywood, California 90028, and assure them you'll be watching this fall. . . . As you probably know, superstar **DAVID CASSIDY** will be returning to the show this fall for a while anyway. The show will introduce a new young man who will play the son of a San Francisco lawyer who will be living next door to the *Partridges*. The lawyer will probably marry **SHIRLEY JONES**, giving Mama Partridge a stepson and a new last name! The vast casting search for the young man continues. . . . We understand *The Brady Bunch* have been getting into lots of concert trips. Chances are they'll be introducing music to their show this fall. If the *Partridges* have been so successful with music, why can't the *Bradys*? . . . The **RICHARD THOMAS** fans in Canada (and there are plenty of them!) will be thrilled to know that *The Waltons* has been picked up by a Canadian network. I think they are lucky since *The Waltons* is truly one of the best television shows Hollywood ever created!
