What's new with the **OSMOND BROTHERS** you're asking me? Not much, just a super tour of Europe, a vacation at home in Utah and a movie. What was that last item again? A MOVIE! That's right and isn't it just super terrific?

I was so excited when I heard the news straight from **MERRILL** one afternoon when I dropped by **MGM** records to say "Hi!" I practically couldn't help jumping up and down for joy!

Of course the boys told me not to tell a soul but **YOU** because it's still in the planning stages, but should be just about ready to go before the cameras by the time you read this.

It's going to be a regular full-length movie feature you can see in your local theater so plan on getting up early that day! You can be sure there will be a mob!

I'll be able to let you in on more of the details next month so stay tuned to this column! Isn't it absolutely great? Maybe it will turn out to be one of those movies they re-release every few years like the Disney movies! Or, maybe it will be just like the "Wizard of Oz"—on television once a year!

Well, I guess with all the exciting news I got carried away there! The **OSMONDS** haven't even started filming yet and I'm watching the re-runs! You probably saw **DONNY** make his acting debut on the "Here's Lucy"

IT'S ALWAYS GREAT to visit the "Partridge" set, especially when I can get a free ride from someone! This trip I did! Brian gave me a ride from the dressing room to the set!

DAVID'S the biggest Elton John fan I know! Here they share a hug with **Maxine Taupin**, wife of **Bernie Taupin**, **Elton's** co-song writer! Great friends!

show and now we'll be able to watch his brothers do the same thing! All I can say is **WOW!**

Every time I go out to the "Partridge Family" set **DAVID** looks happier and happier! Could it be because filming is almost over for the season and vacation time's coming up?

Not that **DAVID** doesn't enjoy filming—he loves acting, but when he's filming he can't spend that much time with music and he loves music even more!

And speaking of music, **DAVID** went to see **ELTON JOHN'S** show here in Los Angeles. Editor of **FaVe** magazine, **LIZ DAGUCON** and I went too, and we loved it! **ELTON** is quite a performer and he really knows how to get the audience to respond. There was a real cute part in the show when **ELTON** sang "Singing in the Rain" and silver confetti started pouring down on him! Then, after he finished the number, multi-colored confetti poured down from the ceiling on everyone in the concert hall, including me, **Liz** and **DAVID!**

After the concert there was a super party for **ELTON** and he and **DAVID** exchanged record albums! Ever since the two of them met several

months ago they've been best of friends! Also at **ELTON'S** party were **KRIS KRISTOFFERSON**, **JONI MITCHELL**, **SALLY STRUTHERS**, **THE 5TH DIMENSION** and most of the musicians you can probably name! Altogether it was terrific so if **ELTON** plays in your town—be sure to go to his concert. Who knows, you might find **DAVID** sitting right next to you!

Speaking about **DAVID** leads me to the other stars of "The Partridge Family" like **SHIRLEY JONES!** **SHIRLEY'S** just put out a brand new single record called "Ain't Love Easy," and you can see what it's all about in our single of the month review on page 100! Once you hear it you'll recognize it as a song she sung on one of the **PF** shows a little while back!

SCOTT JACOBY HAS been receiving lots of mail here at **TB** ever since his performance on "Certain Summer." He loves reading letters from fans, so write to him here at **Tiger Beat!**
