

THE NEW SEEKERS are a super group from England! They're all in their early 20s and would love to make the USA a home away from home! WOW!

SHIRLEY and **DAVID** flew off to New York to help raise money for the United Jewish Appeal. They put on a beautiful concert and had a complete orchestra backing them!

KENNY RODGERS and the **FIRST EDITION** finished filming their first television special! They don't actually star in "Saga of Sonora," but all through the show they come on to let you know what's happening through singing! You know, they sing-the-story, then the actors come on and act it out!

the office. Last week must have been a good visiting week because guess who dropped by? If you guessed the DeFrancos, Rick Springfield, the Heywoods, Sam Hyman, Marie Osmond or ex-Monkee **MICKY DOLENZ** you're absolutely right! I saw them all!

MARIE O. came by to talk about fashion! She's going to model some of the clothes in our fashion section, "The Right Look for You?" so be sure to check every issue! You won't want to miss it!

MICKY DOLENZ and **Michael Lloyd** are recording together as **Starship!**

The filming took place out at our Columbia Ranch so the **FIRST EDITION** got to know the stars of "Partridge" at the same time!

I haven't heard from **WES STERN** in a while so I was surprised when he called me a couple of weeks ago with the news that he was going to be co-star on a new show called "Up Pompeii" which will air mid-season (January). It's another English series take-off like "All in the Family" and "Sanford and Son" so it should be pretty good! It's all about a family in the days of Julius Caesar, and from what **WES** has told me—verrrrry funny!

One of the nice things about having offices here in Hollywood is the unexpected surprises I get when some of your favorite guys and girls drop by

SAD NEWS for **Ben and Roger!** "Alias Smith and Jones" may be cancelled!

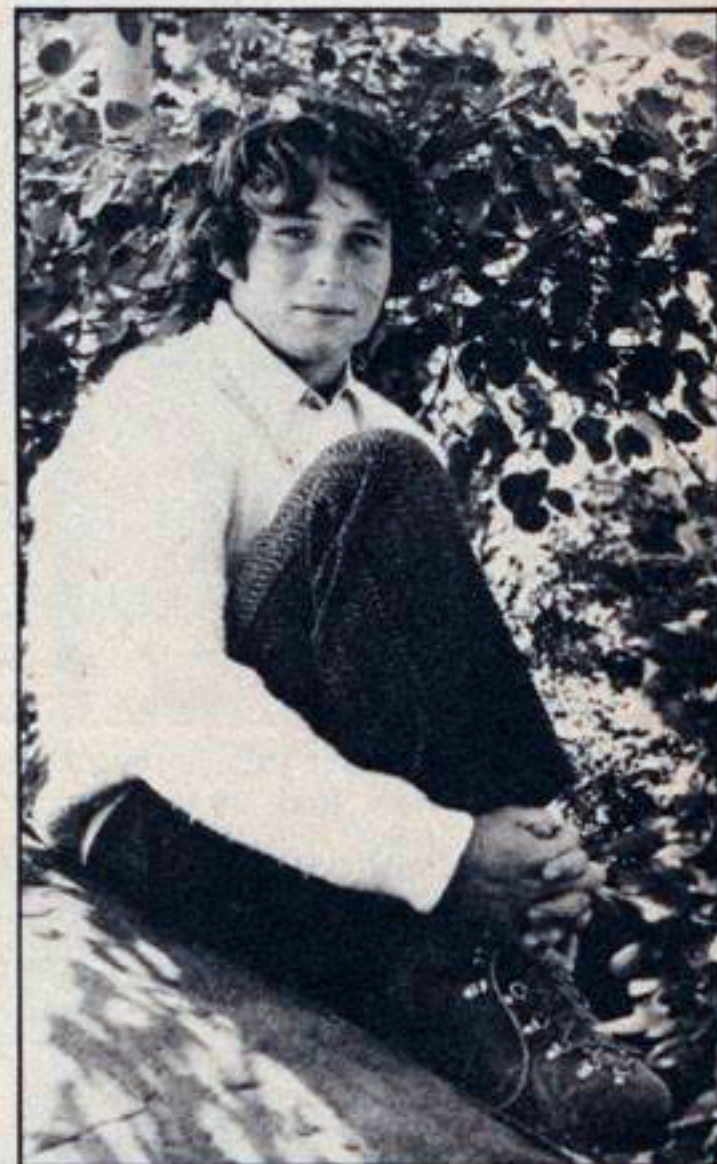

And what, you ask once again was an ex-Monkee doing up at the office? Well, it seems that **MICKY** and **MICHAEL LLOYD** (remember **MICHAEL** from last month's "New Faces to Love?") have formed a group called "Starship!" Their first record release is an oldie—"Johnny B. Goode" (see

When the **OSMONDS** visit your town, they'll probably do a radio interview!

record review page 100). If you remember the **MONKEES** or if you watch the **MONKEE** re-runs on television—let me tell you, **MICKY's** as funny and out-of-this-world as he was then!

Also had a chance to hop down to the "Waltons" set and get acquainted with darling **RICHARD THOMAS!** Is he ever a sweet guy! **RICHARD** says he loves getting fan mail and he's been

MEET HANDSOME DON GOODWIN! He's a singer you may be hearing a lot about soon! Although he hasn't really done any professional work, he sings all the time in cafes and for social gatherings in his hometown of Aspen, Colorado! Don's 18 years old and was born in San Francisco! His mom's Swedish and his dad's part Scottish! Don can really sing up a storm and plays guitar, too! You can write to him in care of **Tiger Beat!**

answering it all himself too! So, write to **RICHARD** in care of **Tiger Beat** or at Warner Brothers Studio, Burbank, California!

MICHAEL GRAY says that even though he's having such a great time on the set of "The Little People" he can hardly wait for a break in the shooting so he can get back to California for a while! **MICHAEL** loves Hawaii (doesn't everyone?) but after all, his family lives in California! It's hard to divide yourself between two places you love.

Well, it looks like I'm out of room for this month, so I'll see you again **NEXT YEAR!**

Love, Sharon
