HAPPY BIRTHDAY A&D!

DAVID & SHIRLEY QUIT PF!

MEET CHRIS MITCHUM!

Andy & David Williams were delighted and surprised when 16's Hollywood Editor **Jean Lewis** popped by their Sherman Oaks home and presented them with a birthday cake and gifts on their 14th birthday—February 22! . . . According to Screen Gems—the producers of *The Partridge Family* series—both **David Cassidy** and **Shirley Jones** will be leaving that high-rated series at the end of **next** season, which means that after the 1974 summer re-runs, no more **David** and no more **Shirley** in the *PF* gang. In the "series tradition", they will probably send "Keith" away to college and "kill" **Shirley** off! But weep not—cos that means that we will be seeing **lots** of **David** and **Shirley** on other TV shows and perhaps in movies too!! It also means that **Danny Bonaduce** and **Susan Dey** will become the new stars of *The Partridge Family*—unless, of course, the powers-that-be decide to come up with a new young star in the "Keith Partridge" image. (**David**, by-the-by, has just come back from a fabulously successful tour of Europe, where he danced with flamenco dancers and dined with the likes of super-talented **Elton John**.)

Scrumptious Chris Mitchum blew everybody's minds—not to mention stealing their hearts—with his sensitive portrayal of "Mark" on the NBC-TV movie *A Time For Love*. **Chris** is 29 years old, married and the father of two children. At the moment, he's in Spain filming a new movie called *Ricco* and he and his family are seriously considering settling down there . . . Hope ya' caught exciting **Erik Estrada's** brilliant portrayal of a gangster's son on a recent *Hawaii Five-O* episode. As "Rono", he kidnapped his "new bride", played by **Irene Tsu**. Lucky girl!

Take a look at handsome **Mike Jackson** in his groovy brocade tuxedo at the recent *Golden Globe Award* ceremonies in Hollywood. **Mike** sang his hit tune *Ben* . . . For those of you who missed this groovy pic of UK Records artist **Ricky Wilde** in 16—well, here's one in **Spec!** **Ricky** is eleven years old and lives in England. His second single is *April Love*—and he hopes he'll be coming your way soon!

Super-star **Marc Bolan** has come up with another fantastic record album—it's called *TanX* by **T. Rex** and it's on Reprise Records . . . Take a good look at the gentleman with "Guess Who?" printed under his picture—and see if you **can!** He used to be a regular on a long-time TV series and now he's a recording artist. Give up? It's **Don Grady**, who used to play "Robbie" on *My Three Sons*. He's now recording under his real name **Don Agrati**, and his first album *Two Bit Afternoon* is available on Elektra Records.

Emergency! Cancelled? No, **No, No!** Don't know where those rumors started but they're not **true!** Randy Mantooh, Kev Tighe and the whole **Emergency!** crew will continue to be on NBC-TV every single Saturday night in re-runs this summer and in brand new episodes for you to love this fall.
