

**M**ello, from me to you! Can you believe it's already June and summer's finally arrived? Lots of wonderful things have been happening around here and I've got a lot to share with you!

Last month in Tiger Beat's Extra-Extra section, we cleared up the rumor for you about the **OSMONDS** moving to England! We told you it wasn't true, and since I keep getting mail about it, I want to repeat it again.

The **OSMONDS** have really been upset about the rumors and a lot of other magazines (not Tiger Beat or any of the Laufer publications) have picked up the stories about the boys moving, and about their lives being threatened and everything.

Even the **OSMONDS** have received thousands of letters from heartbroken fans about this, and so the other day they called a press conference to clear up the matter one more time, and to let you know that they have **no intentions of moving to England!**

**MR.** and **MRS. OSMOND** and the 5 singing brothers were at the press

**THE OSMOND FAMILY** called a press conference last week to clear up the rumors about moving to England. They're **NOT!** And we told you so!

**ANDY** and **DAVID WILLIAMS** took off for Japan to do some concerts with their Uncle **ANDY** and to appear on some popular Japanese television programs! Before they left for the Orient, they had to take shots for small-pox and other diseases and

monies, the flowering cherry trees and all the customs of the Japanese people! Seems the **WILLIAMS TWINS** are starting their tours and TV appearances in Europe and working their way back to America! So, let's ask them to do some concerts here for us, too, ok? Why not drop them a note in care of Tiger Beat and maybe if they get enough you'll see them in your town this summer!

conference and they answered all the questions about the rumor. They want you to know that it was all a misunderstanding. They're building their dream house right in the U.S.A. in Utah and that's where they want to live. All **OSMOND** fans know that's been a dream of theirs for years!

So, once again let me say that the **OSMONDS** are not moving to England. They want me to tell you how much they love you and appreciate everything you've done for them, and they'll never leave you! Case is closed!

wouldn't you know **ANDY** came down with a slight reaction from the shots and had to stay in bed for 2 days?

**DAVID** was luckier and escaped from any reaction at all but the boys were all right by the date they had to leave and really had a marvelous time! We've got some exclusive pictures for you next month in Tiger Beat, so don't miss it!

The boys came home just entranced with Japan! They loved the tea cere-

**MEET JACK RYLAND**, the new bass player with **Three Dog Night**. He's the first change in the group to date!

Got a telephone call from **DAVID CASSIDY's** Mom **EVELYN WARD** the other day. She's back in California staying with **DAVID** again for the summer and probably until around October or so.

She and **DAVID** have really gotten close these past few years and she usually spends about 6 months of the year out here and 6 months at her home in New Jersey.

**EVELYN** says she's really disappointed that **DAVID's** decided not to do any more concerts in the U.S.A. this year because she had a wonderful time seeing him perform. I told her so did all of us! Maybe we can convince

**BOBBY WAS** on **Hollywood Squares** June 4-8! He shaved his moustache!

**DARLING SIMON Turner** will be coming to visit from England any day!
