IF GARY GRIMES' hair looks a little short to you it's because it was cut for "Class of '44," because back then hair was short. He's darling!

the boys were in New York. **ANDY** was looking out the window at the Park Lane Hotel, and he could see Central Park. He turned around and said to **DAVID**, "TAMMY's waiting for us behind that rock with the helicopter because we're going to Istanbul tonight!" **DAVID** said, "Who's TAMMY?" And **ANDY** looked at him in amazement and said, "TAMMY TARANTULA!" and **DAVID** just nodded!

Ever since then imaginary TAMMY goes along with the boys everywhere—and she's not small either, about the size of your kitchen table! She's a good spider though, travels in disguises and goes to all the important affairs around the world! Actually TAMMY's a private joke between **ANDY** and **DAVID**, but they like her to meet their friends—and you're one of their favorite people! So, the next time you see **ANDY** and **DAVID**, ask them with a very straight face why they let TAMMY drive off in your family's car?

That will really make them laugh—and love you more! They were just up to my office this afternoon and I told them I was sending TAMMY downstairs for cold drinks! It took 10 minutes to stop everyone from laughing and get on with the photo shooting!

DAVID SAYS he had a marvelous time in Europe, but he's glad to be home & back once more on PF set.

ANDY and **DAVID** are absolute angels and I hope you get a chance to meet them! You can find out everything about them by reading their true life story every month in Tiger Beat! The first chapter starts on page 8!

This fall season, you're going to be seeing a lot of changes on NBC-TV's "The Little People." **MICHAEL GRAY** tells me it's just like being on a new show! "All the writers, producers and directors are new," he says, "so there's going to be more action, more fun and more romance!" Could he have meant for **Ronnie**, the role he plays? Hopefully, the show will be on at a different time in the fall. I mean, I like to watch both "Little People" and "Partridge," but you can't do that when they're on at the same time and it gets kind of difficult understanding what's happening if you've got to keep on changing channels!

IF YOU guessed the guy behind the hat on pg. 112 as **Andy Williams** you're right! Here he is face-front!

Isn't **TONY DeFRANCO's** voice unbelievable on the **DeFRANCO FAMILY's** first single record? I couldn't believe it was **TONY's** voice I heard singing lead because he's only 13 years old! He can really belt it out and the lyrics are so nice to sing, I find myself singing along everytime I hear them! The **DeFRANCOs** are even more excited about it than I am, so if you haven't heard it yet in your town, call
