**Q** I heard Marie Osmond has her own cosmetics. Is this true?

**A** It sure is! All her cosmetics are organic, so they're good for you! For right now, they're sold on a mail-order basis,

but they'll be in stores soon. Marie's also beginning a pantyhose venture! See Marie in our fashion section on pages 29 to 33.

**Q** I cried when they showed "Love Story" on TV! How old is Ali MacGraw, and she doing lately?

**A** Ali's 31 years old, and her latest picture is "Getaway" with Steve McQueen! Also, in December, Ali was honored to put her hand and footprints in the cement at Grauman's Chinese Theatre, which is right across the street from TiGER BEAT's offices! We all went down to congratulate Ali—was she ever excited!

**Q** Is it true that Sonny & Cher are getting a divorce? I'd hate to think they're breaking up.

**A** Sorry, but it is true—at the moment, they're separated. So, you never know, they may get back together. No matter what, though, they say they'll go on performing together.

**Q** What kind of a car does Rick Springfield drive? I thought I saw him the other day.

**A** Must've been someone else because Rick can't drive! In Australia, he didn't like the cars, so he never learned. (He did use a motorbike, though.) Now he's feeling stranded without a car, so he's taking lessons and will get a car soon!

**Q** How can I join the Heywoods' fan club? They're one of my very favorite groups!

**A** For all the information, write to Vicky Lynn, Bea-Jan Production, 5554 Goldenrod Drive, Cincinnati, Ohio!

**Q** More more more about The New Seekers, please!

**A** Wish granted! See page 80 for all the lowdown on each member of this great group!

**Q** Maureen McCormick is my idea of what I'd love to look like! Can you tell me a little about her—height, what size clothes she wears, etc.?

**A** Isn't Maureen pretty? Maureen's 5'5" tall and wears a very petite size 5! Look for her in our April issue—she's our fashion model for next month! Wow!

MAUREEN

DAVID

**Q** I heard that when David went to London this time, he wanted to do a really far-out act like David Bowie has! Is that true? I think David Bowie's really strange (in a neat kind of way)!

**A** That's what we heard, too—and David's so talented, we know he could do practically anything well... hard rock, romantic ballads, far-out or far-in! Agree?
