Mello! Sometimes the nicest things happen to me that make my whole day shine, even when it's raining outside! Today was one of those days. I guess it started when **DAVID CASSIDY** gave me a call around 10:00 this morning! Here I was sitting at my desk trying to catch up on some of my mail and watching the rain beat against the window!

NOW WHOM DO YOU suppose these feet belong to? Guess, then see p. 114!

I really was surprised to hear from **DAVID** because I knew he had gone to Europe to get in some skiing and I didn't know when he'd be back! He said he just called to say hello!

That's what's so sweet about **DAVID**, he does the nicest things when you least expect it! He said he had come back from Europe to rehearse his band for his European tour which he's really excited about! The tour will take him into March and then he'll have a month to zap off to Hawaii to check out the 24 acres of land he bought! **DAVID** says he'd like to move to Hawaii in a couple of years, maybe spend half his time here in Hollywood and the other half in Hawaii!

DAVID said his mom took off for New York yesterday so he's got the big house all to himself now. He agreed that his mom really did a great job helping with the decorating!

By the time **DAVID**'s ready to build his house on his land in Hawaii, he hopes to be able to rent out his new home here. (Wouldn't you like to live there?) He said he'll probably keep the guest house that **SAM** lives in now for himself and then when he's in town he can just stay there. It's cozy and secluded and just right! "What about **SAM**?" I protested!

DAVID laughed and said by then **SAM** would be on to bigger and better things. He's already promoting a rock and roll group of his own and traveling all over the country with them!

And don't believe those rumors you may hear about **DAVID** and **SUSAN DEY** leaving the "Partridge" show next year! **DAVID** says he'll definitely be on the show next year and so will **SUSAN**. After that, when his contract

is up next year, he'll decide where he wants to go from there!

DAVID sounded like he's really rested up from the tiring year he spent filming last fall's shows! In fact, he was lazing around the house eating lots of nuts and raisins! **DAVID** said that although his band has made a few changes, he's still got **KIM** and **DAVE ELLINGSON** with him and **STEVE ROSS**! You remember **STEVE "COOKIE" ROSS**, don't you? He plays back up guitar with **DAVID**'s group! Well, **DAVID** says that **STEVE** just married his long time girl friend **JUDY** and they're very happy! Don't worry though, **STEVE** will still be playing guitar for **DAVID**!

We had to hang up because somebody was knocking at **DAVID**'s door, but his last words, were, "Give my love to everyone." So here it is from **DAVID** to You—**LOVE**!

REMEMBER TONY Rodriguez from our Nov. issue? Here's a great little actor—would love hearing from you!

Speaking of Hawaii, and I was a while back, **MICHAEL GRAY** got back from a visit with his folks in Carmel, California, all rested and ready to go back to work! You know, **MICHAEL**'s got the kind of eyes that change color a lot! Sometimes they've got more blue in them than green, sometimes more gray. It depends upon what he's wearing, the weather, the color of the sky and "how I'm feeling" **MICHAEL** insists!

MICHAEL's got lots of fan mail here at the office and he's a regular mail-picker-upper! He comes in as often as possible to check it out and answer whatever he can! He says that now that he's off work for a couple more months he'll really have time to get down to answering all those letters he's been meaning to! Maybe yours is among them!

The **OSMONDS** have decided to

HERE'S THE MEMBERS of a new group called simply "Mu." Left to right: Merrell Frankhauser, Jeff Cotton and Randy Wimer. How about their hair? The guys want to blend rock with other types of music for a new sound!
