

the television set!

... or, what's up with your television friends!

Sometimes it ISN'T all fun-and-games with some of your faves in The TV Set — and that includes **SONNY AND CHER**. We hate to tell you this but it looks like the television team is hitting a few sour notes lately! What's up? Actually, both **SONNY AND CHER** are tired—they have a very, very active business schedule and that CAN lead occasionally to short tempers. When **SONNY AND CHER** had a spat after an engagement at a casino in Las Vegas, the word was out among The TV Set that it wasn't all peaches-and-cream with the **BONOS**. But that doesn't mean you won't be seeing your faves on the TV screen—**SONNY AND CHER** are both committed to ironing out their problems for the sake of their darling daughter, **CHASTITY**. Let's hope **SONNY AND CHER** get a well-earned vacation soon so they can just relax and take it easy. We're sure that would help things alot!... No matter what corner of the country YOU live in, you can expect to see **FLIP WILSON** there soon! Yes, once **FLIP** winds up his season of shows, he takes off with a couple of friends in his Rolls Royce for a cross-country tour. So if you see a Rolls in YOUR neighborhood with the license plates reading "KILLER," you'll know who it is!... During **DAVID CASSIDY**'s vacation from *The Partridge Family*, he might do that very first movie we've been

THE GOOD old days. Sonny & Cher aren't so happy recently.

SALLY STRUTHERS has been giggling a lot lately. Someone special?

mentioning! No final details have been set yet, but look for **DAVID** to make his movie debut soon! We'll keep you posted as more details come in... It's always a pleasure to chat with *Room 222*'s **KAREN VALENTINE** and that's just the luck we had the other day! **KAREN** was sitting pretty (in a red polka dot dress) at a Hollywood publicists' luncheon and we cornered her to ask how she and hubby **MAC** were doing these days. "Oh, just fine!" **KAREN** giggled. "We're taking dancing lessons! **MAC** and I have never been exactly super dancers, so we thought we'd go all out to learn all the newest steps so we could show everybody at all those crazy parties they throw here in town!" So if you see a couple of kids waltzing down Hollywood Boulevard, now you'll know who it *isn't*—certainly not **THE BUGA-LOOS!**... Rumors hint that *All In The Family*'s **SALLY STRUTHERS** is getting closer and closer to her handsome beau, dashing **BILL ESCALERO**. When asked if she and **BILL** might march down the aisle, all **SALLY** does is giggle. But **SALLY** and **BILL** sure have the aisle-be-seeing-you look or so say their very closest friends!!... Let's give a big hand to *The Waltons*' **RICHARD THOMAS**. Darling **DICK** just won a "Golden Apple"! What's that? It's an award for cooperation from all the lady reporters in the Hollywood Women's Press Club. **DICK** got his award for most promising newcomer of the year... Also on hand for the "Golden Apples" awards ceremony in Beverly Hills were **DAVID BIRNEY** and **MEREDITH BAXTER**, those *Bridget Loves Bernie* stars who are so cute! Both on screen and OFF, **DAVID** and **MEREDITH** are quite friendly. So friendly, in fact, they date quite regularly! And **DAVID** doesn't have to go far to ask sweet **MEREDITH** for a date—he can either ask her on the set or walk a few doors down from his Beverly Hills home. Yep, **MEREDITH** is a neighbor!... There's not a nicer guy on The TV Set than **CHAD EVERETT**. This guy has a big heart—so big he's going to adopt a baby boy
