Necklaces 'n chokers are all the rage of the teen scene—be they beaded, buttoned, chained or pendanted, they're found danglin' 'round the neck of gals 'n guys alike. And your favs—not unlike you and your friends—have gone 'n adorned their beautiful bods with lots of nifty neckstuff! Can you figure out who each fav is just by the necklace he wears? C'mon, give it a try! Look closely at each pic on this page and read the hint under it—then write the name of the fav you think it is in the space provided. When you're done, turn to page 64 and see how you did.
