THE THINGS WE HEAR AROUND AND ABOUT HOLLYWOOD!

Is RYAN O'NEAL thinking about making London his permanent home? . . . He's been spending so much time there, that he's already picked up a Cockney accent. . . . When DAVID CASSIDY decides to do something, he goes all out! Apparently, when DAVID decided to quit smoking, he ended his habit quite dramatically . . . He took all the cigarettes he had in the house, and one by one, dropped them in the garbage disposal—which ground them up instantly. . . . Good for you DAVID! . . . "Kung Fu" opened with a special two hour segment this season. The episode starred SEASON HUBLEY, EDDIE ALBERT and EDWARD ALBERT JR., as well as the series star DAVID CARRADINE. SEASON as you all know, is DESI ARNAZ JR.'s current lady. . . . Wonder why singer CAT STEVENS had all the hair on his head, as well as all the hair on his face waxed off! Maybe it's some sort of religious thing he's going thru. . . . Don't be surprised if ANDY WILLIAMS turns up on the OSMOND Special as a surprise guest. . . . The Chinese government have denied visitation visas to the ROLLING STONES. Word has come back, that the Chinese authorities are afraid that some of their teenagers and youths might really dig the group—whatever that means??? . . . Hear that MICHAEL LANDON is a bit upset with the scripts he's been getting for his new TV show, "Little House On The Prairie." . . . Within five hours of going on sale, tickets to ELTON JOHN's October 3, 4, and 5th concert at Los Angeles' Forum were sold out. The concert was a SMASH! . . . A good deed was done by HERB ALPERT AND THE TIJUANA BRASS, when they presented a special benefit concert at the San Diego Civic Theater to help provide needed equipment for a new hospital being built in Tijuana, Mexico. . . . Secretive BOB DYLAN has let the fact that he and his wife SARA DYLAN have separated out of the bag. It's too bad, cos BOB & SARA have five children. . . . Things couldn't be cozier between "The Rookies" KATE JACKSON and EDWARD ALBERT JR. Rumor has it, that they've been vacationing together in Hawaii. When they appeared on the television show "Password," they only had eyes for each other. Can marriage be far away??? . . . Since SUSAN ST. JAMES is going to have a baby any day now, the producers and writers of "McMillan & Wife," have decided to write the baby into the script. Mrs. McMillan will also be pregnant. . . . Sexy ELVIS PRESLEY is addicted to chewing gum. He's said to go thru at least three packs a day of gum. Possibly to calm his nerves. . . . JAN MICHAEL VINCENT, after months of being away from home shooting a major motion picture, has finally gotten some time off to spend with his wife. They'll probably head for the beautiful Santa Barbara ranch that JAN owns, and with a little help from his friends, JAN will play carpenter and build a house on his land. . . . BURT REYNOLDS and WAYNE NEWTON are about to become related. BURT mated one of his prized Appaloosa mares with one of WAYNE's prized Arabian stallions in Las Vegas!
