

DAVID ON stage today is totally different from the David on stage a couple of year's ago! His concerts today resemble a milder version of Elton John or David Bowie. He has a drum solo, too!!!

ON STAGE David even has crepe-paper dropped onto him! He sings and dances, up a storm! **BELOW:** After the shows, his favorite place for relaxation, on a boat at sea!

ABOVE: DAVID does a few costume changes during his concert! Here he is in his white tuxedo outfit! **BELOW:** DAVID switches to a black tuxedo with glitter lapel, stripe on both sides and glitter on boots!

DAVID NEVER really liked interviews in the States, but in Europe he seems to be all for them! It'd be nice if he'd perform here again!
