Q Does Cher plan on dropping out of the TV scene now that she and Sonny have split?

A For a while anyway, but word is out that Cher will be back on the air with her own show come September of 1975! Right now she wants to have more time being a mother to daughter Chastity, which is something she hasn't had much of!

THE JAMES BROLINS

Q I've heard about Alan Osmond's marriage and I've also heard all kinds of stories as to how he met his wife. Can you tell me the truth?

A Suzanne is a cheer leader at Brigham Young University and they first met at one of the basketball games. Alan was too shy to ask her for a date because she acted cool towards him, so he got Merrill's wife, Mary, to call her up and tell her that Alan wanted to have a date with her! After a few "No's," she finally said "Yes!" and look where she ended up!!

MARK SPITZ

Q Whatever happened to adorable Mark Spitz? Since his milk commercials I haven't seen him. Has he given up on becoming an actor?
