

**ACTOR CHRISTOPHER** Hayes may be in a new Walt Disney pic, "Gus." We hope cute Chris gets the role!

all, not only are they nice, but they're considerate and "good neighbors," too!

Don't you just love the **HEYWOODS'** "House on Telegraph Hill"? It's doing really well on the charts and the boys just got back from a long tour! They played clubs and fairs all over the country! Hope you had a chance to catch their act! **VICKI DONALDSON COVEYOU** went on part of the tour with her husband **GARY**, but **NICKY's** wife, **ROBIN**, stayed at home! **ROBIN** is very shy and doesn't like crowds at all, so she rarely gets a chance to see the boys in concert! She's a lovely girl and you can see her in our August issue when she models our fashion along with **VICKI!**

The **HUDSON BROTHERS** have been furnishing their apartment, and bit by bit they're getting it all together. And, I do mean bit by bit! The boys took the apartment unfurnished and it's got three bedrooms! The first thing they shopped for were three beds and a stereo! Then they ordered a loveseat for the living room! That's like a couch for two! (HMMMM, romantics?) So far,

that's all they've got! Thank heavens the kitchen came with appliances! And, it's a good thing the boys like to eat out! They haven't selected their dishes yet and have just about enough of their last set to keep them going a while longer! The guys discovered that when it came to selecting furniture, they didn't have any problems with con-

**EVERYTIME** Marie Osmond drops by the TB offices, we end up fooling around! She's a lot of fun, and giggles!

flicting tastes! They all liked the same thing!

**DAVID CASSIDY** is still a very hot item in Germany! In fact he keeps getting more and more popular all the time. Even though he spent a year off the concert circuit, he was still voted the top pop singer in the world by Germany's Bravo magazine. And, guess who received Bravo's "Otto" award as favorite male TV star? None other than gorgeous **MICHAEL GRAY!**

Actually, Americans placed high on the entire Bravo "Otto" list! **LINDA BLAIR** won for film favorite, with **JAN-MICHAEL VINCENT** taking the honors as male film favorite. **SUSAN DEY** won for top television girl star and the fabulous **OSMOND BROTHERS** got the honors as top rock group!

Congratulations to everybody!

And, speaking of the **OSMONDS**, you can listen to a 2-minute tape recording of **DONNY** and his family by calling 801-225-8880! But please check with your parents before calling! Otherwise they'll be in for a surprise when they get their telephone bill with a long-distance charge to Utah on it!

**MARK HAMILL**, who did such a great job with **LINDA BLAIR** in "Sarah T.—Portrait of a Teenage Alcoholic," may have a new series of his own this fall! If you saw the TV movie "Delancey Street" in the latter part of April, then you've seen the pilot for the proposed series! If not, the series is about a young boy (**MARK HAMILL**) who is afflicted with a disease called

**HERE'S MARK HAMILL** in his role in "Delancey Street." Hope you had a chance to see it! He was terrific!

hyperkinesis, an emotional ailment which affects nerves and muscles. Nobody can seem to help **MARK** with his problem, except for an older man he meets! The man (**MICHAEL CONRAD**) is an ex-convict! **MARK** did a terrific performance on the TV movie, don't you think? He deserves to have a weekly series, and maybe this time he'll come up a winner!

Did you get a chance to see **VINCENT VAN PATTEN** in the television movie "Three for the Road"? Well, this is another TV movie that may turn into a series. **VINCENT** hopes so, and so do we, and you can help by writing to CBS-TV and letting them know what a great thing it would be! Just write to **FRED SILVERMAN**, Vice President, CBS-TV, 485 Madison Avenue, New York, New York. Tell him how you felt about the TV-movie, and that you'd love to see it as a series! Tell all your friends to write, too! Everyone wants to see **VINCENT** back on the telly-screen! P.S. I've already written my letter! Until next month,

**VINCENT VAN PATTEN**, Leif Garrett and Alex Rocco, star in "Three for the Road," a CBS-TV pilot for a new series. Vincent says he really does enjoy starring with Alex and Leif. He's as anxious as we are for the pilot to sell!

*Love, Shara*
