Swinging sounds!

The Best In Single Records and Albums

• BEST SINGLES

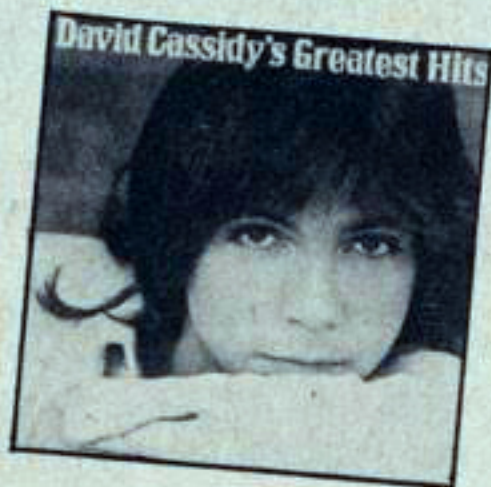

**John Denver: "SWEET SURRENDER."** Once again John has a sure hit on his hands! This is a very sunny melody with a sing-a-long type chorus. If it sounds familiar to you, it was featured in the Disney movie "The Bears and I," and was on John's LP, "Back Home Again." (RCA)

**Carole King: "NIGHTINGALE."** This new release from Carole is very uptempo, with catchy lyrics and a very good beat. It's from her LP, "Wrap Around Joy." (Ode)

• SUPER ALBUMS

**Andy Kim: "ANDY KIM."** Everybody loved "Rock Me Gently," and you can hear more from the fabulous Andy Kim on his LP! Songs like "Here Comes The Mornin'," and "And I Will Sing You to Sleep," will make you simply want to curl up and sigh! (Capitol)

**David Cassidy: "DAVID CASSIDY'S GREAT HITS."** That's just what this LP is all about! David sings the songs you loved from "Partridge Family," like "I'll Meet You Halfway," and "Doesn't Somebody Want to Be Wanted," plus 9 of your other favorite Cassidy tunes! (Bell)

**Tony Orlando: "PRIME TIME."** Everyone who watches Tony Orlando and Dawn on their smash television show will want to make sure they have a copy of this LP! It's sensational, and you'll love Tony singing "Gimmie A Good Old Mammy Song," and "Little Heads in Bunkbeds." (Bell)

**Partridge Family: "THE WORLD OF THE PARTRIDGE FAMILY."** Bell Records brings back all your favorite tunes from the "Partridge Family" like "I Think I Love You," "Brown Eyes," and "Looking Through the Eyes of Love." It's a terrific two record LP set for more than an hour of listening pleasure. (Bell)

**The Eric Burdon Band: "SUN SECRETS."** Eric and his band have put out a top album we think you'll like. Our favorite cuts are "Don't Let Me Be Misunderstood," and "When I Was Young." There are only seven cuts on the LP, but they're all very long! (Capitol)

**Lou Rawls: "SHE'S GONE."** Lou sings a great combination of songs on his latest LP including, "Feel Like Makin' Love," and "You're a Lady." This is a nicely moving LP that will make you feel good all over! (Bell) •

STAR OF THE MONTH:

RADAMES PERA

**T**he next time you find yourself saying "I don't have the time," take a tip from Radames Pera! He has all the filming on his weekly "Kung Fu" series, plus other personal appearances, photo shootings and other duties to do... but, every day, he finds the time to teach!

That's right! As part of his regular school day, Radames spends about an hour, teaching hard of hearing kids to read! These kids, who are about the same age as Radames, have had reading problems all their lives because of their hearing deficiencies. To Radames, not being able to read would be unthinkable! He's a big reader himself and hates the thought of not being able to read quickly!

Radames has no special training for the job, except that he's patient and concerned! And apparently that's all that's needed—his pupils are improving noticeably! And, for being so loving toward other people, Radames becomes Tiger Beat's Star this month! •
