

TV HOT-LINE:

SHIRLEY JONES appears to have started a whole new career as DAVID CASSIDY's stepmom. Much of Shirley's "Partridge Family" fan mail deals with David, with dewy-eyed girls asking such burning questions as "What is he really like?" "How can I get a date with him?" and "Should I let him know my true feelings?" As a result, Shirley has put together a book which she's titled "Life, Love And David Cassidy." It's a slim volume that sells for a dollar.
