WINNIPEG FREE PRESS, WEDNESDAY, MAY 17, 1972

SHORT STUFF: The latest issue of Rolling Stone

magazine features a suggestive frontal nude shot (just from a little below the waist up) of heart-throb David Cassidy, which might give you an idea of where that paper is at now. Oh, well, if Burt Reynolds can do it, why

not young Mr. Cassidy? Incidentally, an Aug. 12 date at the Winnipeg Arena is being held for an appearance by David. More on that when details are announced.
