

Dave is Joe's big headache

SUPER bopper David Cassidy is just a headache to Radio i promotions manager Joe Gilfillan.

Gilfillan has arranged for the king of American pop to appear on Gordon Dryden's "Powerline" show during his Auckland visit next month.

But he knows that as soon as he reveals when Cassidy will be on, thousands of Auckland teenybopper girls will lay siege to i's Newton Rd headquarters.

"Now I've got to try and figure out some way to get Cassidy past the girls into the studio," moaned Gilfillan this week.

"At the moment it seems that a helicopter will be the only way."
