

1976 March 30 - Pacific Stars And Stripes

David Cassidy was upstaged in Britain by his younger brother, Shaun, creating some interest in the latter's single, "Morning Girl." David also arrived in Britain saying (once again) he wants to be taken as a serious singer and not as a teenage idol. If David the Serious Singer doesn't come up with a hit soon, he may be taken as a teenage idol in the Oldie Goldie category.
