

WARM MY SOUL

Recorded by DAVID CASSIDY on his album
"Rock Me Baby" on the Bell label

*Hey now woman, warm my soul
Shake the pain that groves inside me
From your love that's grown too old.
I want you more, running, jumping,
Leaping, hopping, don't turn to go
Don't you turn, oh no.*

CHORUS

*Can't you see me calling your name
In the middle of a dark, cold night.
I need you so won't you please believe me
When I say hey girl, I love you so.*

*Wait till the morning comes
Never leave the heart you stole
Never leave me just some more.
You're everything I ever wanted, even more.
Sick, ooh, stone sick sleeping in the corner
Pray to the mighty Lord don't you turn to go
Don't turn, oh no.*

REPEAT CHORUS

My my my, my my my.
