Hello there!

Just as I was about to have to sit down and try and explain to you why David hadn't been able to make it to Britain, I got the best news I've had in months!! As you already know from Pat's editorial, David really did manage to make it over on a very quick, very secret visit.

I was really startled, 'cos only last week David had rung up to tell me that he wouldn't be able to get over here before Christmas. He told me that he wanted to appear on "Top Of The Pops", but between the music unions, the hassles over work permits, and previous commitments it looked like David just wouldn't be able to make it.

You can imagine how surprised I was when Dave Bridger rang to tell me that David was on his way here! As Pat told you in the editorial, the entire visit was really hush-hush. The camera crew was even brought down from Manchester so that the news could not be leaked by anyone in London! And even then, the crew weren't told beforehand that they would be filming a David Cassidy performance!

In fact, the secrecy wasn't confined to these shores. David flew from Los Angeles to New York first of all, just so nobody would know that he was bound for Britain.

It was a lot of trouble, but then that's typical of David. As he told me, filming "Top Of The Pops" was one thing he wanted to do to show his appreciation for all the enthusiasm his British fans have shown for him.

By the way! Don't forget that David's fabulous new album is in your shops right now! The name to ask for is: "Dreams Are Nothin' More Than Wishes". Which is David's way of telling you that, if you wish hard enough and act on your wishes, your dreams just might come true! Let's hope he's right!

If your record-buying spree leaves you with any spare money, now is the time to snap up some of the Fan Club bargains. I'm afraid we've already sold out of some of the goodies... But, if you missed out before, now's the time to be quick off the mark 'cos we have still got some left! Like four David Cassidy pix for only 30p; our original mini-poster of David for 20p, or the later maxi-mini-poster (if you follow!) for 25p. You can also top up your supplies of special DC notepaper with a 50 sheet wodge for 25p. Or 70p can bring you David in full colour splendour (via our giant poster). If you'd like more details about any of these special offers, you know where to write... and from now on please enclose a 3½ p stamp with each order—NOT a stamped addressed envelope.

I think I've just got room for a quick tip-off... Our on-the-spot photographer was well and truly on the spot last month when David and the rest of the Partridges turned sailor. So don't miss the pix in next month's mag!

See you then...

Susie
