

Preying on My Mind

Recorded by DAVID CASSIDY on his album, "Dreams Are Nuthin' More Than Wishes" on the Bell label.

*Just like the wind
Singing its song of wind-chime
I'm a lonely old man passing through your town
Thinking of you, Lord you used to be mine
I never wake up, only wake up down*

CHORUS

*And it's preying on my mind
That there's nothing left in my hands but time
Time don't really care if I carry on.
Love left me behind
Just like summer leaves, the grapes on the vine
Wake up in the morning, find you're gone
Find you're gone*

*Trying to go home
But the road never seems to pass your way
Spied on myself, I've been getting by
I could have called ya
Just a dime away
The road up ahead but I know I just pass on by*

REPEAT CHORUS TWICE AND FADE
