

frozen noses

Recorded by David Cassidy on the Bell label

*Frozen noses
Smuggled side by side
Bundled tight
For December's night
As chill winds tear their eyes
Rubbing noses
Frost clings to his brow
Her love burns inside
His heart
Lights his eyes
When they're a-part
Closely pressing their faces
That sting in the air
In his hand melts the snow
That he brushed from her hair
And tho' they both shiver
Neither one cares
Frozen noses
Bitter bites his cheek
Dragons when they speak
Hear chatter of their teeth
Frozen noses Frozen noses
In the night*
