To apply for membership send a postal order
or cheque for £1.10 together with your name
and address to the fan club office above.

Hello!

Here it is, Christmas time again (well, almost anyway!) and just in case you haven't heard, Bell Records have a special surprise for you, and for any of your friends who are fans of David, or the Partridge Family either, for that matter.

That surprise, of course, is a new triple disc, with three songs by David and the Partridge clan. The songs have all been released before, but only in album form. They are "Brown Eyes", "White Christmas" and "Winter Wonderland", and the triple disc has been on sale for just eight days now.

It's a lovely idea, because it gives you three songs for a reasonable price, and they've all got the perfect feeling for this time of the year—soft, warm, and really joyful.

I know that, if you've read the instructions at the top of the page, you'll be a bit alarmed to find that the price of joining the fan club has, unfortunately, been raised to £1.10.

I suppose by now you know that the price of paper has increased so drastically that it's meant similar increases in the price of everything that requires paper, from magazines to cardboard boxes. The price of this magazine has had to increase, and so has the price of every national daily, not to mention the prices of regional and local papers—some of which have doubled in the past few months.

Well, I hate to blow my own horn, but with some care and consideration, we have managed not to raise the price of membership in the fan club since July—of 1972!

That's been a long time, and the only change we made was one that the law required us to make, for V.A.T. So really, we've been pretty good, don't you think? But now, with the increase in the price of paper, and in fact the increase in the price of just about everything you can think of, we just have no choice but to raise the price.

The only silver lining in this particular cloud is that we're offering the best fan club wallet ever. Regular newsletters six times a year, a poster of David, two fantastic 8" x 10" action photos of David, and up-to-date fact sheets with all of David's vital statistics and a complete in-depth record of David's career up to now.

The pictures are great, and it's really the only way that you can keep in touch with David's career.

That's about all for this month, except to tell you that I hope you have the best Christmas ever. See you next month—and next year, too, for that matter!

Susie
