

# YOUR LETTERS

## PETITION

Dear Pat,

I'm setting up a petition to present to the BBC to ask them to show David in concert this May. I know they filmed him at both Manchester and White City as I saw camera men shooting the shows. I would like as many signatures and letters as possible and would like them to be posted to my address. I will gladly write to you and let you know how my petition progresses.

Yours faithfully,

*What a great idea Angela, over to you everyone!*

## HAIR

Dear Pat,

In the January issue of the David Cassidy mag. it stated that girls had written in saying they preferred David with long hair. Personally I think David is a warm wonderful and honest person and incredibly good looking with or without long hair. What does it honestly matter what length his hair is? I shall always love David and can truthfully say that the length he prefers his hair is the length I prefer it.

Love,  
FIONA RICHARD,  
Harpenden, Herts.

*You're absolutely right Fiona - what does it matter whether David's hair is long short or medium he's still our favourite guy!* ED

## TOURS?

Dear Pat,

I read in a recent issue of the David Cassidy mag. that David is not quitting. Will that mean that he will be doing concert tours? If he is, do you know if he'll be coming back to Glasgow? I know that a lot more people would like to know.

JANIS LINDSAY,

*The straight answer to your question is that David has no 'firm' plans to do any concerts in this country at present. But he is replanning his whole future right now and we all hope to see him back again soon.* ED

## PHOTOS

Dear Pat,

I went to see David Cassidy at White City and somehow I ended up right at the front. I'll never know how. Half way through Tony Blackburn made all the photographers and press get out, so we never got to see any pictures of White City. Even you hardly ever print any pix of David Cassidy in his red suit or black top and white satin trousers. Can you please tell me if any of the concerts were filmed and if they'll be shown on TV?

I also managed to tape the concert and on it David says 'they wanna take me off, but I'm gonna stay right on here. I'll rock 'n roll all night if you want me to, but please sit down, everything's gonna be alright'.

*We have published some photos taken at David's White City concert Julie, but perhaps we didn't put the venue in the caption.* ED

## SOUNDS SIMILAR

Dear Pat,

Referring to Moira Kennedy's letter which is printed in the January issue.

I have got the American version of 'cherish', and it's certainly not 'Kathleen' it's 'half of me' is gone away!! I must agree with Moira though, it does sound like Kathleen.

Keep up the good work.

Yours faithfully,

*And I agree with both of you!* ED
