DISASTER

Dear Pat,

I wondered if you could please put this into the mag as soon as possible. I'd be ever so grateful.

I guess you've all heard about the tragic event of the Darwin Disaster here in Australia. I don't think people realize just how horrific it is. So far 51 people have been killed, 300 seriously injured and 40,000 people are homeless. People are starving although everything possible is being done. Animals have to be shot to save the pain of starvation. The whole town is completely destroyed, and why I ask why did God let this terrible thing happen—especially on Xmas day?

So why this letter? I would like to appeal to your generous nature to give a donation to this very worthwhile cause. I too am British (English) I only moved out here 3 months ago, and I should like to think that in Australia's need the British people would help that need, not just me but the 40,000 people of Darwin would be more than grateful. So please donate something even if it's only a small sum. It will be very much appreciated. Send to:

MEMORIES

Dear Pat,

Thanks very much for sending the wallet to me. I am particularly impressed with the photographs. They are just like the ones (not the subject!) we print in our photography club, and I was wondering if it would be possible for you to send a few negatives of pictures taken by Henry Diltz of David at Shawfield, as the camera I brought with me wasn't really suitable for distances. I realise copyrights and stuff may make this difficult but I just thought I'd ask. Thanks anyway.

That's what we're offering in this issue, Suzie.
