

WHAT DO YOU KNOW ABOUT DAVID?

Continued

New Forest, namely Beaulieu. He then made his way to Manchester, performing twice at the King's Hall, Belle Vue.

"By now he had left the Partridge Family and had started to explore new territory. First came New Zealand, followed by Australia and then Japan. The tour began in February 1974, and David was not expected to come to Britain until May.

"In New Zealand he played to 65,000 adoring fans at the Melbourne grounds on 26 February. Then came a concert at the Randwick race course in Sydney, May was the greatest month ever to every Cassidy fan in England. He played at Shawfields stadium in Glasgow, the White City

stadium and finally in Manchester.

"He was wonderful as we all know, and made the greatest day of my life. David now spends his holidays in Hawaii, but spends a lot of time in America when recording. Recently he visited New Zealand to receive an award and has promised to come to England one day. I hope it's soon."

M. MEEHAN'S ENTRY

"Everyone knows how David travels the world, visiting far-past places and bringing happiness to all his fans, but what about the local spots that are some of his favourite places?"

"Being such a beautiful person he lives in a beautiful place—Laurel Canyon. Like most of us, David loves food, and his equivalent to our "corner shop" is the Canyon County Store in Laurel Canyon. This is where he picks up his groceries. David is the first to admit that he's no Fanny Craddock, so he often eats out."

"When he was filming the "Partridge Family" some of his favourite lunch stops were The Yankee Pedlar Inn on Riverside Drive, Burbank, the Hamburger Hamlet on Hollywood Boulevard, Dillon's Copper Skillet and the Steak 'n' Stein.

"Whenever we see pics of David, one of the most outstanding things about him, (besides his angelic face), is his clothes. A couple of his favourite shops are Sy Amber on Hollywood Boulevard and Jon's Drawer. Now we know where he gets those fantastic outfits!

"David is a romantic person and when he has a date, (some girls have all the luck!), he often takes her out to dinner. Then he chooses the Musso and Frank Grill, Stefano's and La Dolce Vita. I wonder if you could consider me an expert on David's eating habits?"

Yes, I think we could! Thanks a lot to Cathy Brown and the mysterious M. Meehan for two superb entries, and to everyone else who entered the competition. Look out for the next one!
