

Love in bloom

Recorded by DAVID CASSIDY on his album "The Higher They Climb, The Harder They Fall" on the RCA Label.

Did she leave you busted, bruised and battered?
Empty pockets, just starin' at the moon
Did you give the best you had
But your best wasn't good enough?
Are you feelin' that you ain't man enough?
Look out Pal, 'cause it sure, sure gets rough.....

CHORUS

When that old sun's comin' over your shoulder
And ooh how you wanna hold her
When you love's in bloom
She's got no more room for you
When you love's in bloom
She's got no more room for you
What are you, you gonna do
When that old sun's comin' over your shoulder
And ooh, how you wanna hold her

Did she kick you out in the gutter for another?
Yes, and you're down so low your nose is draggin' in the sand
I know love is twice as hard
When you're in love alone
In love she's just up and gone
Look out pal, you sure, sure gotta be strong

REPEAT CHORUS UNTIL FADE
