

I Just Wanna Make You Happy

Recorded by DAVID CASSIDY on his "Cherish"
album on the Bell label.

*I'm just a tambourine man
A lonely one-man street band.
So many people near me
Won't someone stop and hear me?
Street light, shine bright
You are my only spotlight.*

CHORUS

*Only wanna make you happy
When I sing I'll make you happy
Won't you let me sing my songs for you?*

*My songs they sound much better
When people start to gather
I play for dimes and pennies
But if you haven't any
Don't mind, show time
I'll make you smile in no time.*

REPEAT CHORUS

*Here on the corner where I sing and play
Where I'm the biggest star they've seen today
And that's good enough for me
And that's all I wanna be.*

REPEAT CHORUS AND FADE.
