Hi!

David reckons that 1973 should be the most exciting year of his life! Although as he tells you in his personal letter this month, it did not quite start off that way, as he ended up spending Christmas at home instead of half way across the world in Hawaii as he originally planned.

But, things are going to start hotting up for him real soon because, right now, he is working out the final plans for those very special concerts he will be playing in London and Manchester this coming March. The concert programme just seems to keep expanding. Latest final dates and times for his March performances are as follows:- Manchester, Belle Vue — March 13th and 14th at 5.30 and 8.30 each evening. London, Wembley Pool — March 16th at 8 p.m., 17th at 12.00, 4.00 and 8.00, and 18th at 4.00 and 8.00.

In addition — and this will really please all those fans who have not been able to get tickets for any of the live concerts — the promoter Robert Patterson, is arranging for the shows to be transmitted via closed circuit television to a whole host of cinemas.

Full details will be announced in the next available issue of Superstar 73, Mickie Message and Songbook or, of course, the next David Cassidy magazine if they are not available before.

Incidentally, the press have carried several reports (and it was even included in Mickie Message and Songbook) that all seats were sold out; this really referred to the original concerts. But, as I have already said tickets are selling so fast that it might well be a fact that they are all sold out by the end of January, so do get your order in straight away.

Incidentally, David asked me to pass on his thanks to everyone who did help to put his show back on the box because he knows that it was your letters that did it and nothing else.

As usual we have got a whole new bundle of photos for you for this issue. When you look at them spare a thought for our Hollywood photographer, who really has to work hard to get the shots we publish every month. You see, David is so busy recording, filming and doing concerts that he is almost continually on the go, and whenever the television or film cameras are turning the last thing a director or producer wants is for a photographer to stand around taking shots of his leading star. So, normally, they ban them from the set during the actual filming or shooting. But, nevertheless, we still get special shots of David whenever possible.

I am very pleased to see that everyone who has joined the Official Combined David Cassidy and Partridge Family Fan Club likes the new wallet. I think it is the best that the Fan Club has ever produced — many congratulations to the Secretary, Susie Miller, who put it all together.

Oh, and before we forget, we'll be announcing the winner of our MYSTERY QUIZ in next month's DAVID CASSIDY MAGAZINE.
