

BLIND HOPE

Recorded by DAVID CASSIDY on his "Cherish"
album on the Bell label

*Look, baby, the sun is shining high
It's already on top the sky
And I been wishin' I could fly away with you.*

*Yes I do feel the dark inside this room
We must think of something soon
The dreamy afternoon is nothing to rely on
We won't get by on.*

CHORUS

*Blind hope and someday, someday
Somehow things will pass our way.*

*So come on, wake up
Get out, feel the morning dew
We've still got time to start something new
And baby, there's a few more things left to do.*

*All through life
We've been needing to win this race
Unlock your allotted space
Outside there is this place we can begin
Don't you believe in*
