## Sea Horse 'Ranch' ONLY \$2.98

Adults and children alike gasp and laugh with delight when they see these wonderful and unusual pets from the sea. These curious creatures with heads like little horses, are unlike any fish. They swim and move through the water without any apparent effort. They hitch themselves by their tails to anything they can grab including each other. When you look at

them, they look back at you. They sail around, they feed themselves, they turn summersaults and "stand on their heads." The female lays the eggs in the male's pouch and he hatches them. The baby sea ponies come out alive ready to swim.
